Hugo Metelo Diogo

glintt

We deliver  
information  
& technology  
solutions to  
the shipping,  
airports, and  
road sectors

**OFFICES IN 4 COUNTRIES**

**GLINTT SOLUTIONS ALL OVER THE WORLD**

Glintt has developed THETIS, a project commissioned by the European Maritime Safety Agency

**Main Users:**

Port State Control  
Authorities

**Benefits:**

Real time information of all ship safety inspections carry out in ports in the EU, Canada and Russia

<https://portal.emsa.europa.eu/web/thetis/home>

# Research Focus

**We believe information and technology is the right tool to improving safety and efficiency of transports and cities.**

**We strive to provide innovative approaches to collect, integrate, analyse and visualize data.**

**But most of all we want to support the transports sector and authorities in their task to promote the efficiency and the competitiveness of the sector.**

# Ongoing Research Projects

## ZARCO

Vessel inspections and performance analysis system

## NONIO

A tool to identify shortcomings and reduce the risk of vessel's detention in ports

## ATLANTIDA

Vessels sensors architecture to enhance in-situ data collection

# FP7 calls we plan to participate

## **SST.2013.4-2**

Inspection capabilities for enhanced ship safety

## **SST.2013.6-2**

Towards a competitive and resource efficient port transport system

## **AAT.2013.3-1**

Human factors

## **TPT.2013-2**

Mapping regional capacities in transport research and innovation

# More FP7 calls

## **AAT.2013.7-4**

Creating cohesive links and common knowledge between potential partners in EU Framework Programme Collaborative Projects

## **AAT.2013.7-7**

Exploring opportunities and stimulating cooperation in research and innovation with China

## Further Contact

Beloura Office Park, Ed 10  
Qta. da Beloura, 2710-693 Sintra  
Portugal
