

FESVIAL
ROAD SAFETY
FOUNDATION

Spanish Road Safety Foundation Presentation

1. Introduction
2. Beginning
3. Goals and strategies
4. Guide lines
5. Planning
6. Experience

Patronage

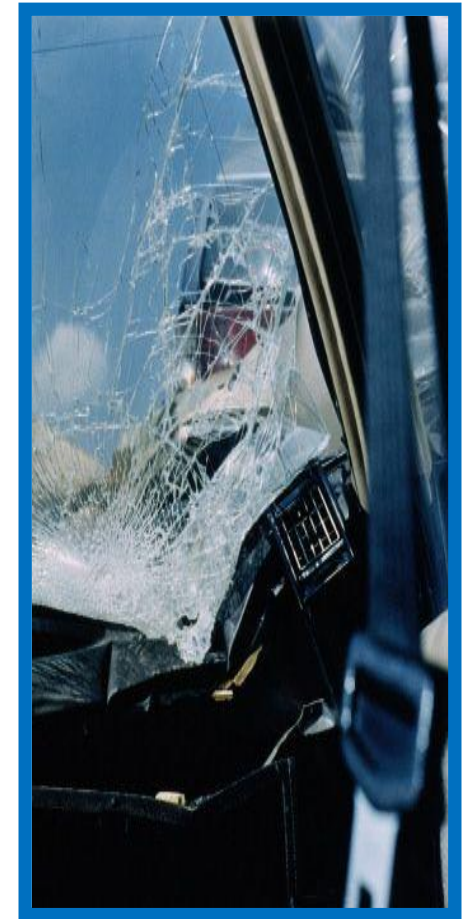

🕒 **Last decade** in Spain there were:

- 40.000 deaths
- 17.000 **under** 30 years old
- 1.500.000 **injured**
- 160.000.000.000€ of social **cost**

🕒 Traffic accidents were **the main cause of death amongst people from 0 to 35 years old.**

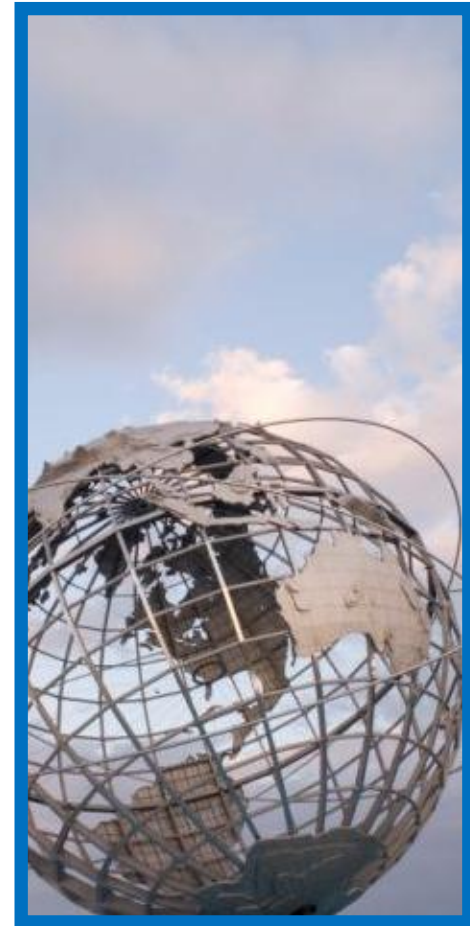

Something is **satisfactory** changing:

- Thanks to the **Administration**
- Thanks to the **social mobilization**

- 🕒 The Spanish Road Safety Foundation (FESVIAL) is a nonprofit organization. It was born like a social work at the service of road safety.
- 🕒 Sharing principles
 - **OMS** - “ a traffic accident is not accidental. We can avoid it if we act together...”
 - **European Parliament** - “No death on the road can be justify “. We should move to target the goal: no more fatal accidents or serious injures due to road accidents.
 - **Spanish Parliaments** - “Safety road pact”

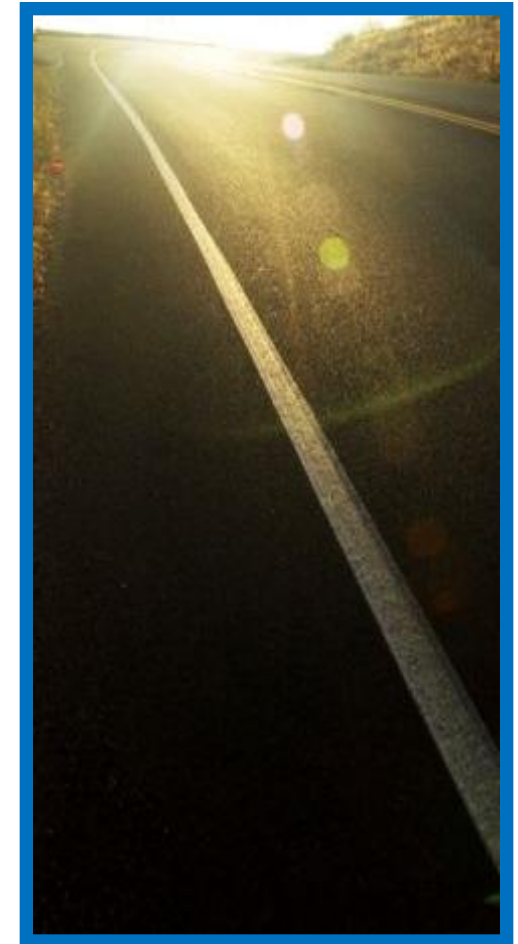

- ⌚ Nowadays there are lots of foundations for every subject with a social basic
- ⌚ Road safety: **pending matter**
- ⌚ Traffic accidents are the curse of our days **and we have a social debt** with it
- ⌚ **There was a need** to create a foundation for road safety

We can summarize the aim of FESVIAL: we target **ZERO DEATHS** within the Spanish roads.

- **Collaborate and support** other organisms, companies, people, etc.
- Set up **new ways** to achieve the same goals.
- To mobilize **all** the society.

- ⌚ Activate the big communicational resource that **all companies and citizens** represent.
- ⌚ Generate **massive and constant communication** to transmit road safety messages.
- ⌚ Cover all **areas and sectors** that other organizations do not reach with the campaigns they develop.

- **Accidents Prevention**
- **Accidents Research**
- **Education and Road Training**
- **Sustainable Mobility**
- **Social commitment**

Congress and conferences:.

- FESVIAL has participated with conferences and has organized congress related with the road safety, at the national and international level.

Campaigns awareness :.

- Development and participation en 15 information campaigns to raise society awareness on road safety.

Studies and Research:.

- From 2008 to nowadays, FESVIAL has developed 12 studies and research about actors and behaviors of risk in traffic.

Educational and Road Training:.

- Development of road safety training to : police, judges and prosecutors, younger, training in the company,.....

Other activities:.
