

GDG Overview

“Presentation to SST Brokerage Event 2012”

Presentation delivered by:

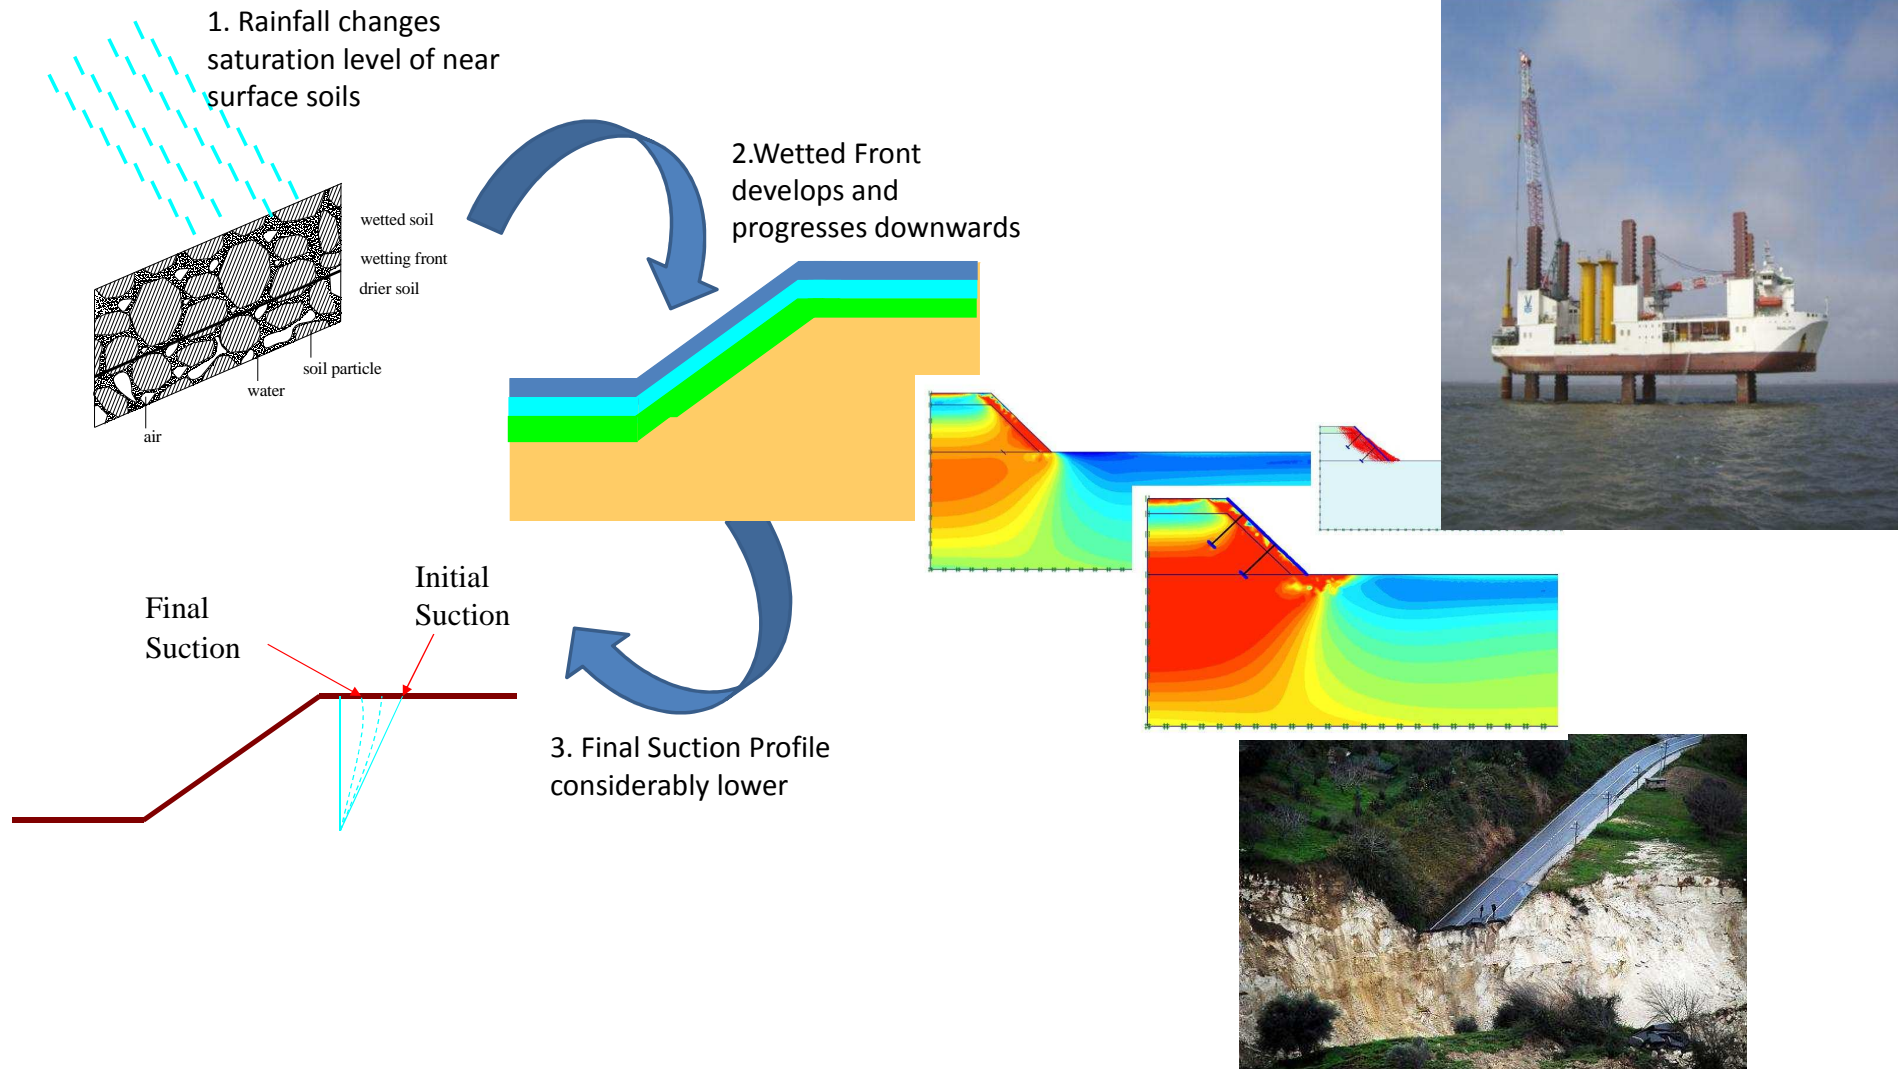

Paul Doherty

Email: pdoherty@gdgeo.com

Overview

- Irish Based Engineering Consultancy
- Research Intensive SME
- We provide expert geotechnical engineering design and analysis services
- Strong focus on the infrastructure sector with particular experience in road and rail design and consideration for climate change and extreme weather effects. Additional expertise in the maritime sector, such as jack-up vessel assessments

GDG Experience

FP7 Research Opportunities

- OCEAN 2013.4. Innovative transport and deployment systems for the offshore wind energy sector
- SST.2013.2-2 New concepts for railway infrastructure and operation: adaptable, automated, resilient and high-capacity
- SST.2013.1-1. Railway infrastructure optimisation and monitoring for further noise reduction
- SST.2013.5-3. Innovative, cost-effective construction and maintenance for safer, greener roads (Coordinator of FP7SMARTRAIL)
